Dear Colleague:

We invite you to join us in Washington, DC, as the Cornea Society hosts World Cornea Congress V at the Grand Hyatt Hotel, April 13–15, 2005.

Previous World Cornea Congress meetings have been pivotal events in the subspecialty. The Congress is held every 10 years and is an important career highlight for all specialists in cornea and external disease, corneal and refractive surgery, and eye banking.

Topics to be covered in the 2-day session include corneal wound healing, ocular surface disease, refractive surgery, infection and immunology, keratoplasty, ocular infection and immunology, keratoconus, contact lenses, dystrophies, degenerations, molecular biology of corneal disease, world health, and eye banking. Sessions for free papers and posters are planned, and the program will feature keynote addresses by international leaders in the field.

On pages 13–15, you will find the information and forms you need to register for the meeting and reserve a hotel room. Please keep in mind that you must be registered for the meeting to reserve a hotel room.

The Grand Hyatt Hotel is located in the heart of Washington’s business and federal districts, just steps from the Washington Convention Center, MCI Center, the White House, and the free monuments and museums of the city. It is also in close proximity to many renowned theaters and restaurants. The hotel has direct underground access to the Metro subway and is located at Metro Center, which makes getting around this world-class city a breeze.

Please plan to join us at the Library of Congress on Thursday, April 14, for a reception in the world’s largest library. We also have a special opening session planned for Thursday morning, April 14, honoring many exceptional leaders in the field of corneal and external disease. We look forward to seeing you in April.

Edward J. Holland, MD, Co-Director
Mark J. Mannis, MD, Co-Director

See you in Washington, DC!

Cornea Society members and ASCRS members can take advantage of a special reduced rate if they register for both the WCCV and ASCRS Symposium. See details on page 16 or register online at www.corneasociety.org.
1 Important Dates
2 Continuing Medical Education Information
3 Special Events and Corporate Support
4 Invited Speakers
6 Paper Presentations
9 Scientific Posters
12 Hotel and Travel Information
13 Hotel Reservation Form
14 Hotel Map
15 Registration Information
16 Registration Form

IMPORTANT DATES

March
7 Deadline for early-bird registration fee
11 Preregistration deadline to receive badge in the mail
11 Deadline for registration cancellation/refund
15 Deadline for hotel reservations
16 Badges mailed to preregistered attendees

April
13 On-site registration opens at Grand Hyatt 4:00–9:00 PM
Speaker check-in opens at Grand Hyatt 4:00–10:00 PM
14 Opening Ceremony at Grand Hyatt 7:30 AM
Exhibit Hall opens 9:30 AM
Library of Congress Reception 7:00 PM
15 EyeWorld Breakfast Symposium 6:00 AM
Target Audience
This educational activity is intended for ophthalmologists with an interest in corneal and external disease.

Educational Objectives
At the conclusion of this program, attendees will be able to:
- Increase their understanding of corneal wound healing
- Better understand the evolution of keratoplasty
- Review dystrophies, degenerations, and molecular genetics
- Assess the role of inflammation in ocular surface disease
- Learn the diagnosis and management of fungal keratitis
- Review the development of global standards in eye banking
- Better understand and define the role of pupil size in refractive surgery outcomes

Continuing Medical Education (CME)
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the American Society of Cataract and Refractive Surgery (ASCRS) and The Cornea Society. ASCRS is accredited by the ACCME to provide continuing medical education for physicians and takes responsibility for the content, quality and scientific integrity of this CME activity.

CME Credit
The American Society of Cataract and Refractive Surgery designates this educational activity for a maximum of 16 Category 1 credits toward the AMA Physician’s Recognition Award. Each physician should claim only the hours of credit that he/she actually spent in the activity.

The American Medical Association has determined that physicians not licensed in the US who participate in this CME activity are eligible for AMA PRA category 1 credit.
On Thursday, the Cornea Society will host a reception at the Library of Congress. The Library of Congress is more than just a Library. With more than 130 million items, it is a museum holding some of the most famous documents in history: the rough draft of the Declaration of Independence, Jelly Roll Morton’s early compositions, Maya Lin’s original drawing of the Vietnam Veterans Memorial, and some of the earliest-known baseball cards. The library’s Thomas Jefferson Building is a masterpiece of turn-of-the-century Italian Renaissance architecture.

We look forward to seeing you at the reception. Admission to the reception is included in the meeting registration fee.
Thursday, April 14
Biochemistry, Physiology, and Wound Healing
1st Morning Session
Moderators: Shigeru Kinoshita, MD
Jonathan Lass, MD

KEYNOTE ADDRESS
Molecular Basis for Corneal Transparency: What Have We Learned?
John R. Hassell, PhD

PRESENTATIONS
Gene Expression Patterns in the Normal Cornea and in Disease
Winston W.Y. Kao, PhD

Inflammation and Corneal Wound Healing: Latest Understanding
Eric Pearlman, PhD

What In Vivo Confocal Microscopy Has Taught Us About Corneal Wound Healing
James V. Jester, PhD

Matrix Metalloproteinases in the Eye: Emerging Roles for MMPs in Corneal Physiology
M. Elizabeth Fini, PhD

Role of Neuropeptides in Corneal Wound Healing
Teruo Nishida, MD, DSc

A Tissue-Engineered Cornea: How Close Are We?
May Griffith, PhD

Proliferative Capacity of the Corneal Endothelium
David Hwang, MD

Future of Gene Delivery to the Corneal Endothelium
Shukt Chakravarti, PhD

Keratoplasty
2nd Morning Session
Moderators: Christopher Rapuano, MD
Mark Terry, MD

KEYNOTE
Evolution of Keratoplasty
Peter R. Laibson, MD

PRESENTATIONS
Emerging Technologies in PKP
Alan Sugar, MD

Endothelial Function After PKP
Jonathan H. Lass, MD

Visual Function After PKP
Helene Boisjoly, MD, MPH

Excimer Laser Treatments After PKP
Eric D. Donnenfeld, MD

Excimer Laser PTK: Indications and Limitations
Christopher Rapuano, MD

Anterior Lamellar Keratoplasty
Sheraz Daya, MD

DLEK
Mark A. Terry, MD

Future Directions in Corneal Transplantation
James P. McCulley, MD

World Cornea Health and Eye Banking
1st Afternoon Session
Moderators: Richard Abbott, MD
Mark J. Mannis, MD

KEYNOTE ADDRESS
Worldwide Initiatives for the Prevention of Corneal Blindness
Rubens Belfort, MD, PhD

PRESENTATIONS
World Health
Epidemiology of Corneal Blindness Worldwide
Guallapalli N. Rao, MD

Corneal Blindness from Trachoma and Onchoceriasis
Luciene de Sousa, MD

Cultural and Political Barriers to Corneal Donation Worldwide
Naoshi Shinozaki

Bacterial and Fungal Keratitis in the Developing World: New Management Strategies
Prashant Garg, MD

Current Status of Corneal Storage
Elcio H. Sato, MD

Development of Global Standards in Eye Banking
Paul J. Dubord, MD, FRCS(C)

Dystrophies, Degenerations, and Molecular Genetics
2nd Afternoon Session
Moderators: William Bourne, MD
Alan Sugar, MD

KEYNOTE ADDRESS
Molecular Genetics of Corneal Dystrophies
Elise Heon, MD, FRCS(C)

PRESENTATIONS
Genetics of TGF-β1 Corneal Stromal Dystrophies
Anthony J. Aldave, MD

Macular Corneal Dystrophy
Gordon K. Klintworth, MD, PhD

Fuchs' Dystrophy
John D. Gottsch, MD

Epithelial Dystrophies
James J. Reidy, MD

Schnyder Dystrophy
Jayne S. Weiss, MD

Posterior Polymorphous Dystrophy
John E. Sutphin, MD

Gelatinous Drop-like Corneal Dystrophy
Akira Murakami, MD

Cornea Gene Therapy
Gregory S. Schultz, PhD

Friday, April 15
Refractive Surgery
1st Morning Session
Moderators: Michael W. Belin, MD
R. Doyle Stulting, MD, PhD

KEYNOTE ADDRESS
Role of Biochemical Corneal Modification in Refractive Surgery
Theo Seiler, MD, PhD

PRESENTATIONS
What Are the Optical Limits to Corneal Refractive Surgery?
Dimitri T. Azar, MD
Ocular Surface Disease
2nd Morning Session
Moderators: Edward J. Holland, MD
Kazuo Tsubota, MD

KEYNOTE ADDRESS
Ocular Surface Inflammation: Overview of the Role of Inflammation in Ocular Surface Disease
Stephen C. Pflugfelder, MD

PRESENTATIONS
Classification of Ocular Surface Disease
Mark J. Mannis, MD

Blepharitis: Understanding the Pathophysiology and Current Treatment
Ronald E. Smith, MD

Current and Future Management of Dry Eye
Kazuo Tsubota, MD

Surgical Approaches to Primary and Recurrent Pterygium
Donald T.H. Tan, FRCSG, FRCSE, FRCSophth

Ocular Surface Anatomy and Physiology of Stem Cells
Robert Lavker, MD

Ocular Surface Transplantation: Current Techniques and Outcomes
Edward J. Holland, MD

Ocular Surface Transplantation: Future Directions
Shigeru Kinoshita, MD, PhD

Keratoprosthesis Devices
Eduardo Alphonso, MD

Keratoconus and Related Thinning Disorders
1st Afternoon Session
Moderators: Marian S. Macsai, MD
Joel Sugar, MD

KEYNOTE ADDRESS
Letting the O2 Through: New Technologies in Contact Lenses for Keratoconus and Safer Extended Wear
H. Dwight Cavanagh, MD, PhD

PRESENTATIONS
Biochemistry and Genetics of Keratoconus
Joel Sugar, MD

Refractive Nonkeratoplasty Treatment for Keratoconus
Joseph Collin, MD

Is It Keratoconus or Not?
Michael W. Belin, MD

Contact Lenses in Keratoconus: A Treatment or a Cause?
Elisabeth J. Cohen, MD

Results of the CLEK Study
Karla Zadnik, OD, PhD

Lamellar Keratoplasty for Corneal Ectasias
Massimo Busin, MD

Long-Term Outcomes of Penetrating Keratoplasty for Keratoconus
David C. Musch, PhD, MPH

Therapeutic Crosslinking of Corneal Collagen in Keratoconus
Gary N. Foulks, MD

New Technology in Cornea, External Disease, and Refractive Surgery
Moderators: Woodford Van Meter, MD
George Waring, MD

Obtaining Accurate Tonometry in Corneal Disease
James Brandt, MD

A-B Scan Ultrasound Measurements After Corneal Surgery
Warren Hill, MD

Diagnostic Ultra-High-Frequency Ultrasound of the Anterior Segment
Charles Pavlin, MD

Does Wave Scan Analysis Have Applications Outside Refractive Surgery?
Julian Steven, MD

Clinical Applications of Confocal Microscopy
Matthew Petroll, PhD

Infection and Immunology
2nd Afternoon Session
Moderators: David Glasser, MD
Thomas Liesegang, MD

KEYNOTE ADDRESS
Immunology of Corneal Graft Rejection
Douglas J. Coster, MD

PRESENTATIONS
How Immunology Has Advanced Our Understanding of Microbial Keratitis: Potential Therapeutic Applications
Reza Dana, MD, MPH

Antibiotic-Driven Revolution in the Management of Bacterial Keratitis: Past, Present, and Future
Francis Mah, MD

Diagnosis and Treatment of New/Emerging Pathogens in Microbial Keratitis

Important
To attend the World Cornea Congress V, you must complete a registration form.

You must register for the World Cornea Congress V to reserve a hotel room.

Hotel Reservations
The WCCV has designated Laser Registration as the official housing management company for the meeting. Laser Registration provides full housing and registration through WCCV Meeting Services. Reservations can be made online, by fax, or by mail.

Agents are available to answer questions Monday–Friday, 8:30 AM to 6:00 PM EST.

Domestic: (866) 614-5502
International: (514) 798-1932
E-mail: wccv@laser-registration.com

Hotel Acknowledgments
Acknowledgments will be mailed to you within 72 hours of receiving your room reservation. You will receive final confirmation of your room reservation no later than 2 weeks after the cutoff date of March 15, 2005, or sooner.

Please note: Because hotel rooms are available via the Internet, WCCV Meeting Services has not blocked the same number of rooms as in the past. We encourage you to make hotel reservations early.

Reservation Deadline
The deadline for reservations is March 15, 2005. Room rates are guaranteed provided rooms are available at your chosen hotel. After the deadline, WCCV Meeting Services will make every attempt to locate rooms at official hotels, but it cannot guarantee rates or availability.

Please note: The Internet has had a great impact on the way we travel and do business. Nevertheless, WCCV has succeeded in negotiating a special but limited-availability room rate with Washington DC hotels for the 2005 World Cornea Congress V. We urge you to act now to secure your accommodations through the WCCV housing agent.

Cancellations
Hotel room reservations may be canceled through the WCCV Meeting Services without penalty until March 15, 2005. After that date, cancellations must be made directly with the hotel.

If reservations are canceled within 72 hours of your arrival date, the hotel will charge you for the entire stay.

Travel
WCCV has negotiated discounted rates for travel to and from the meeting. Using the following reference codes guarantees the special fares several days before and after the meeting dates. Please contact your travel agent or the service provider directly to make your travel arrangements.

Am. Airlines A8645AE (800) 433-1790
Avis D005466 (800) 331-1600
Budget U064144 (800) 772-3773
United Airlines 530CC (800) 521-4041
U.S. Airways 86683199 (877) 874-7687

Individuals attending both the World Cornea Congress V Meeting and the ASCRS•ASOA Symposium and Congress should make only one hotel reservation for both meetings.

Attendee Fee

Includes badge, printed program, all sessions and the Thursday, April 14, reception at the Library of Congress in Washington, DC.

Spouse Fee

Includes badge, program, and the World Cornea Congress V Reception, Thursday, April 14, at the Library of Congress in Washington, DC. Physicians cannot register in this category. Entrance into sessions is not permitted.

Payment

Registrations received with no payment will not be processed.

Payment (in U.S. funds) can be made by personal check, bank draft, travelers check, VISA, or MasterCard.

Registration Categories

- **Joint World Cornea Congress (WCCV) and ASCRS Symposium registrants**: Fee includes entrance into WCCV meeting being held April 13–15, 2005 at the Grand Hyatt Hotel and ASCRS•ASOA Symposium & Congress being held April 15–20, 2005, Washington Convention Center.

- **Cornea Society Member**: MD or PhD who is a member in good standing with the Cornea Society. Registration fee does not include membership dues.

- **Resident/Fellow/Trainee**: An MD who is in a residency program. Verification of resident/fellowship must be included with registration and be on letterhead from your department chairperson or fellowship sponsor. All letters must be verified during and after the meeting.

- **Corporate/Other**: Manufacturers who do not have exhibit space but wish to attend the meeting. NO solicitation is permitted.

- **Spouse**: Spouse of registered attendee who is not a member or potential member or corporate personnel. Does not include entrance into sessions. Physicians cannot register in this category.

- **Press**: Working members of the general or ophthalmic press should contact John Ciccone at (703) 591-2220 or jciccone@ascrs.org for complimentary registration.

Presenters

All presenters are required to register and pay an attendee fee for the meeting.

Advance Badge Mailing

Badges will be mailed to all attendees who preregister by March 11, 2005. Badges for those who preregister after this date must be picked up on site at the Washington Convention Center.

Cancellation/Refund Policy

All cancellations and requests for refunds must be in writing and received no later than March 11, 2005. A handling fee of $125 will be deducted from each canceled registration. The membership portion of the New/Renew registration fee is nonrefundable. NO REFUNDS will be given after March 11, 2005. There will be no exceptions to the Early Bird deadline.
